

PREMIUM EUROPEAN SHIPYARD

Atollvic Shipyard, **for steel and aluminium yacht**, is strategically located in the NW of Spain, just where the Rande's Battle galleons were sunk in 1702.

With **more than 14.000 sqm of installations**, the shipyard has all the technical and human resources to provide top notch repair, maintenance and refitting of vessels up to 60m.

Atollvic is part of the Vicalsa Group, company with more than **40 years of first class shipbuilding experience** and is supported by the renowned Vigo's naval sector and infrastructure, represented by one of the most powerful ancillary industry in Europe.

The **wide variety of leisure activities**, both in Vigo and its surrounding areas it's just a plus to make your stay in Galicia an unforgettable experience, knowing that your boat is in perfect hands.

Contact us for more details. We would be glad to assist you.

SUPER YACHT REPAIR & REFITTING

Your first choice for **aluminum and steel super/mega yachts**. Leave your boat in good hands on this unique North Atlantic Atoll.

THE ONLY COORDINATES YOUR SHIP WILL EVER NEED TO SHAPE UP

"I could not be happier with the service, quality and efficiency of Atollvic. We undertook a major work in a short period of time. We were very pleased for the great attitude of all the people involved in the project that gave us a very pleasing stay and result for the SEAWOLF."

— Drarg Richards (MY Seawolf)
